

Uncommon & Astonishing: MORE Fun Horticulture from My Garden to Yours

The LaGrua Center
Stonington, CT

July 25, 2010

Thank you for joining me at Sunday's talk. Here are mail-order sources for everything I featured.

All of the plants have their very own article on [www. LouisThePlantGeek.com](http://www.LouisThePlantGeek.com). Just type in the first word of the Latin name in the Search box, and then click right to all the information on that plant. In every plant's article, you'll see more pictures of it in my own gardens, followed by a whole table of information on how I grow it myself and how you, too, can grow it in your own gardens.

Keep in touch if I can provide more information: Louis@RGardening.com

Thanks again!
