## Beyond June, Beyond Beauty: Plants & Gardens that Age with Grace & Style

14-Jan-09

Thank you for your interest in gardens that just get BETTER from April through November, year by year, and decade by decade.

The plants highlighted in the lecture are in the source-list. They are only an excerpt of an enormous palette of garden-worthy plants (and sources) to consider as you create your own landscapes.

*Louis Raymond*

## Plant

## Nursery

### Plants that look swell in May—and even better in September:

<i>Aralia elata</i> 'Silver Umbrellas'	BrokenArrowNursery.com
